**SY INSITOR:** strong root architecture for good anchorage

**SY INSITOR**

Total root length: 1405 mm

**Leading Competitor**

Total root length: 1243 mm

Source: Seedling root screen

**SY INSITOR has:**

- 12% extra root length
- Longer total primary root length
- Greater total lateral root length

Rapid developing root system helps facilitate excellent light land performance of 107%

More extensive roots can enhance nutrient and water capture
